Declaration of Applicant under 37 CFR 1.132

I, Atsuo Miyajima, as the inventor and the named applicant of this application hereby declares that:

1. I have read the Examiner's Action, mailed on June 28, 2006.
2. On pages 2 - 4 of the Examiner's Action, starting at the second paragraph, the Examiner rejects the claims as being anticipated and obvious in view of US 6,397,884 (Miyajima et al.).
3. It is noted that the inventorship in US 6,397,884 and this application is not identical. US 6,397,884 contains an additional inventor, Tomohide Ito, who is not one of the inventors in this application. The invention disclosed in this application but not claimed in US 6,397,884 was derived by me and is not the invention of Mr. Ito.

I hereby declare that all statements made herein from my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under

Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.
